

Curriculum Summary

Middle School: 6th - 8th Grades

Overview

The Holy Trinity Middle School is centered on empowering the students with the tools to be successful in high school and college. Students are challenged to become responsible individuals with a focus on organization, note-taking, research, and study skills. Technology is used to reinforce and enrich the learning environment.

English

The Middle School English curriculum is centered on expanding the students' writing and speaking experiences. Instruction is focused on the development of grammar and writing skills. Students work with the teacher and peers to develop proofreading skills. Journals are used to promote fluent writers. Throughout the year, the students compose various pieces of writing through the use of the writing process and the 6+1 Traits Model of Writing.

Spanish

Grades 6-8 begin study in a textbook. The textbook presents the fundamentals in grammar for Spanish. The students drill in pronunciation, conversation, and readings. They continue to expand vocabulary, and students are tested on vocabulary lists. They study chosen irregular verbs and verb conjugation. Students are expected to demonstrate an understanding of basic sentence structure and simple conversation. They will do a special projects on Hispanic heritage.

Classroom Textbooks & Materials

- *Adelante*, Holt

What Your Child Will Learn

6th grade

Students begin learning to translate conversation. They learn to form sentences using the vocabulary and verbs in the lessons. They learn to respond to oral questions in class and write small conversations with partners. They will practice all prayers that they have already learned.

7th grade

Students expand their vocabulary and learn verb conjugation to enhance their abilities in sentence formation. They learn to write their own simple conversations and present them. They will practice all prayers that they have already learned.

8th grade

Students learn to communicate in Spanish, translate from English to Spanish, and write sentences. They learn to conjugate verbs and practice listening, speaking, reading, and writing skills. At the end of the year, the students will write a biography of another student in order to demonstrate their understanding of nouns with adjectives, verb conjugation, and expression of ideas. They will practice all prayers that they have already learned.
